

### WALL ST. WATCHES RED CROSS "THERMOMETER" RISE

New York, June 21.—Wall street paused in its rush to watch the red arrow on the "thermometer" in front of the Bankers' Trust building take its first upward jump in the big Red Cross campaign to raise \$100,000,000 in one week throughout the country. The arrow went up to the \$10,000,000 mark, hesitated an instant, then slowly crept up to the margin, line just above, indicating that a little more than \$11,000,000 in contributions and special Red Cross corporation dividends had been received in one day, the first of the campaign.

The "thermometer" was designed to furnish an accurate record of the progress of the campaign, and each \$1,000,000 raised sent the arrow up another notch.

To Miss Alice Barton Behr, the Red Cross nurse shown in the picture, was accorded the honor of raising the "thermometer" indicator and addressing the crowd for the fund.

## SHERMAN LEADS IN OPPOSITION TO THE FOOD CONTROL BILL

Declares Labor Is Back of Measure and Organized Labor Rules Government.

By Associated Press Dispatch. Washington, June 21.—Debate on the food control bill moved along with little delay today in the House and reached the stage of discussion under the five minute rule. Passage sometime Saturday seemed assured.

Republicans will confer tonight for a general discussion of the measure, but leaders said no attempt would be made to bind members to vote for or against the bill.

There were less than fifty members on hand when the House convened today, so Representative Lever, in charge of the bill, called for a quorum, and for the first time since the bill came up more than half the House appeared.

When the Senate took up the food bill today, no senator seemed ready to debate it, so Senator Chamberlain, in charge of the measure, moved for a vote.

Senator Sherman then led off in opposition to the bill. Senator Sherman declared the bill is especially aimed at farmers—city dwellers and labor unions, he declared, being its principal advocates.

"The Senate and House will pass anything that any labor union endorses and endeavors to thrust upon them, right or wrong," he shouted.

"Organized labor controls legislation in this Administration, and the law. It dictates to senators, while the farmers are unorganized."

## \$5,000,000 TO RED CROSS

By Associated Press Dispatch. New York, June 21.—A donation of \$5,000,000 to the Red Cross war fund by the Rockefeller Foundation was announced here today.

The total subscription made today to the thirty teams working here for the fund was reported at \$6,524,000.

## MAYOR WILL NOT REMOVE COMMS. WOOD

By Associated Press Dispatch. New York, June 21.—Mayor Mitchell refused to remove Arthur Woods, Police Commissioner, from office, as requested by Henry Cruger, father of Ruth Cruger, the high school graduate whose body was found Saturday buried in the cellar of Alfred Cocchi's motorcycle shop.

Mr. Cruger has asked this in an open letter to the Mayor, as a result of the failure by the police to solve

the mystery of his daughter's disappearance.

The Mayor made known his decision after a conference with Commissioner Woods. At the same time, he announced that an investigation would be made of police activities, which will be independent of the one the Commissioner had ordered to be made through police channels.

No word of the arrest in Italy of Cocchi has been received by the police, and it is feared he has fled from Bologna, where news was last received from him.

## REAR ADMIRAL POTTER IS DEAD

By Associated Press Dispatch. Whitehall, New Jersey, June 21.—Rear Admiral William P. Potter, United States Navy, retired, died suddenly at his home here today from apoplexy.

He was 67 years old and was placed on the Navy's retired list in May, 1912.

## ROUMANIANS CALL ON THE JAPANESE

Tokio, Japan, June 1.—(Correspondent of the Associated Press)—A Roumanian mission to the United States whose object is to awaken an interest in Roumanian affairs, has arrived in Tokio.

It is composed of Dr. Vasile Luaciu, Lieutenant Ton Motza and Lieutenant Vasile Stoica.

Lieutenant Stoica said that the Russian situation had greatly affected the position of Roumania. He added:

"The Roumanians are fighting occasionally, but are unfortunately handicapped. Until the Russian situation improves, there is very little hope of any offensive movement in Roumania. It is difficult to obtain ammunition and supplies."

# RUSS WAR CABINET NAMED

Congress of Soldiers' and Workmen's Delegates From All Over Russia Vote Confidence in Provisional Government.

## RESOLUTION IS ADOPTED ORDERING OFFENSIVE AND ARMY ORGANIZATION

Heavy Fighting Is Opened on Aisne Front in Northern France With Germans Thrown Out of Territory Gained Yesterday—French Are Active In Champagne District.

London, June 21.—(Associated Press Cable)—Dispatches from Petrograd to the Exchange Telegraph Company say that the Congress of Soldiers' and Workmen's Delegates, from the whole of Russia yesterday voted confidence in the provisional Government and unanimously adopted a resolution demanding an immediate resumption of the offensive and the reorganization of the army. The War Cabinet was formed, including the leaders of the Russian Army and Navy and technical representatives....

Some heavy fighting is in progress on the Aisne front, in northern France where the French are entrenched in favorable positions after their notable advances in the spring campaign.

The Germans apparently have heavily reinforced their troops in this sector by men brought from the Russian front, and one subdivision was sent into the fight directly after its arrival, making an attack yesterday between the Ailette River and the Lafaux Mill.

The assault, while along a front of apparently less than a mile, was of an extremely violent character. The French stopped the German rush, suffering only a slight penetration of their first line at two points, aggregating between 600 and 700 yards.

Even this gain was partly negated this morning, when a French counter attack resulted in the recapture of a portion of the lost ground.

The Crown Prince's troops lost heavily in the fighting, and the French captured fifty prisoners.

Berlin's report on the attack of yesterday claims the capture of more than 1500 yards of trenches.

The French official statement also announced progress by French forces northeast of Mont Carnillet, in the Champagne. During this fighting, five aviation machines were taken from the Germans.

## RUSS TROOPS STAND FIRM

By Associated Press Dispatch. New York, June 21.—Eight persons were killed and many wounded in a clash between Government troops and supporters of newly formed republic of Kirsanov, in the province of Tambov, Russia, according to a cable dispatch received here today from Petrograd by the Jewish Daily Forward.

The skirmish was caused by the refusal of the new republic to recognize the authority of the Petrograd government.

## ARE INDICTED

By Associated Press Dispatch. New York, June 21.—Emma Goldman and Alexander Berkman, called the two leading anarchists of this country, were indicted here today by a Federal grand jury on charges of conspiring to induce young men not to register for the selective draft. They pleaded not guilty and were held in \$25,000 bail each.

The crowd's victory was short lived, however, for in ten minutes two more banners had been obtained from suffrage headquarters nearby. Policemen notified passersby to let the banners alone.

Once earlier in the day, when the suffragists appeared with a banner bearing the same inscription as that torn down yesterday, a small crowd demolished it without much demonstration.

## LIFE BOAT UNDER FIRE OF THE SUB

Eight Occupants Are Killed by Guns of Sea Pirates.

(Associated Press Cable) Paris, June 20.—A German submarine, which torpedoed a British steamer, turned its guns on the lifeboats and killed eight of the occupants, the Admiralty announced tonight.

"One of our patrol boats of the Brittany flotilla, the statement said, 'picked up fifty men belonging to a submarine British steamer and drove off with its guns two submarines which were still close to the boats in which the British crew had taken refuge the night before.'"

A patrol boat of the same flotilla saved forty men from a British steamer. The submarine which torpedoed her turned its guns on the lifeboats, killing eight occupants.

## EXCESS PROFITS TAXES EXTENDED

By Associated Press Dispatch. Washington, June 21.—Extension of excess profits taxes in the war revenue bill to individuals engaged in trade or business, as well as corporations and private shippers, was decided upon today by the Senate Finance Committee.

From the individual tax, an additional \$100,000,000 in revenue is expected.

An exemption of \$5,000 in assessing the tax will apply to individuals on the same basis as corporations. The individual tax would be additional to the income tax.

## AUSTRIAN PREMIER ASKED BY KING TO FORM CABINET

(Associated Press Cable) Amsterdam, June 21.—Count Camille Martinic, the Austrian Premier, who resigned last week and has been asked by Emperor Charles to form a new cabinet, devoted all of yesterday to his work, according to Vienna newspapers.

Interest centered mainly in conferences of Polish leaders, who demanded that no members of the ministry of the late Premier Count Stuerghk belong to the new Cabinet.

This the Premier is said to have accepted. The Poles further insisted that Polish membership in the Cabinet continue.

## WAR MAY INDUCE ITALY TO GIVE UP COCCHI ACCUSED OF MURDER

The state department, at the instance of the authorities of New York state, cabled to the American embassy in Rome to ask the Italian government to cause the arrest and surrender to America of Alfred Cocchi, indicted in New York for the murder of Ruth Cruger. Cocchi has been traced to Bologna, Italy, and was reported to be under close surveillance.

Complications are possible in the Cocchi case on account of the provision in the Italian constitution forbidding the extradition from Italy of Italian subjects accused of committing crimes in foreign countries where the punishment is death, but the war may affect the attitude of the Italian government in the matter. Italy and the United States are now allies, engaged in a struggle against a common enemy, and it is believed in Washington that Italy may consent to the extradition of Cocchi as an act of grace.

## ANARCHY IN PROVINCE OF SIBERIA

Martial Law Proclaimed Because of Wholesale Murders and Robberies

Released Convicts Turn Anarchists.

By Associated Press Dispatch. Petrograd, June 21.—Martial law has been proclaimed in Tomsk, Western Siberia, because of wholesale murders and robberies committed by criminals who have been granted amnesty and had joined the forces of the militant anarchists.

More than 1,500 of these pardoned criminals have been arrested with about 800 others. Twenty persons were killed and a number wounded.

The arrests followed the exposure of a plot to plunder all the banks and shops and assassinate the leaders of civic organizations.

The 800 associates of the criminals were dragged from the haunts of the latter. The casualties occurred when some resistance was offered to arrest.

# WASHINGTON CENTER FOR ARMY HORSES

Five Buyers Arrive Next Week to Assist Chas. Allen in Work of Buying Remounts for the Government—Good Prices to Be Paid—600 Horses Wanted Within 30 Days.

Uncle Sam wants 600 army horses out of this community within the next 30 days and Mr. Chas. Allen, widely known horseman of this city, will be one of the buyers, and five additional buyers will arrive next week and begin the work of rounding up the first large consignment for inspection.

With this announcement comes the further indication that Washington will be a prominent buying center for United States army horses until the war is over, this being made possible by the huge sales pavilion in this city, owned by Mr. Allen, and which will be used for handling the horses until they are shipped to the various army posts where they will be used for artillery, cavalry, and other purposes.

Mr. Allen is in receipt of a telegram from George Harper, sent from the United States post at Front Royal, Virginia, asking that 600 head of horses be rounded up for inspection at once, and the first inspection will probably be made within the next two weeks. Meanwhile Mr. Allen already is busy in the work of getting the first animals located, and it is understood that good prices will be paid for suitable horses.

Horses from the light harness class to the larger draft animals are wanted. They must be sound.

Because of the central location of this city and the splendid facilities for handling horses, it is believed that in the very near future an inspecting officer, or probably a half dozen of them, will be located here much of the time, and this will be the buying center for thousands of horses.

For a great many miles in all directions the surrounding territory abounds with such a class of horses as desired by the government, and a score of buyers would have little difficulty in rounding up large numbers of the animals during the next few months.

Farmers also are beginning to realize the advantage in breeding horses that are of suitable type for army purposes, and there is every indication that, inasmuch as the demand for this class of horses may continue for years, it will continue to be very profitable business.

## DEATHS

KIRK.

A. P. Kirk, at one time a wealthy resident of this county, and head of the A. P. Kirk Pork Packing Co., died Thursday morning, aged 74 years.

Mr. Ward Kirk, a brother, of Mechanicsburg, and Mrs. Charity Sellers, of Springfield, a sister, are here to attend the funeral, which will be held Friday morning at 10 o'clock.

For further particulars call the Klever undertaking establishment.

CUSH.

David Cush of Pleasant View, died of blood poisoning, in the hospital at Springfield shortly after one o'clock Wednesday afternoon. He leaves a wife and two daughters.

The body was brought to the home in Pleasant View by Undertaker Morrow of Jeffersonville, Wednesday evening. Funeral services will be held in the Christian church of Pleasant View at 10:30 o'clock Friday morning.

## ELECT OFFICERS WEDNESDAY NIGHT

Garfield Commandery No. 28, Knights Templar, of this city, elected officers at their regular business meeting in the Masonic Hall Wednesday night. The following were chosen: Sir Knight Frank Christopher, Em. Com.; Sir Knight A. W. Duff, Gen.; Sir Knight A. M. Bush, Capt. Gen.; Sir Knight F. M. Fullerton, Prelate; Sir Knight W. H. Dial, Treas.; Sir Knight Amos Thornton Jr., Recorder; Sir Knight E. L. Bush, Sr. Warden; Sir Knight P. M. Cook, Jr. Warden; Sir Knight Wilson Bachert, Standard Bearer; Sir Knight Delbert C. Hays, Standard Bearer; Sir Knight John F. Evans, Warden; Sir Knight W. T. Holmes, Sentinel.

## FUND FOR BAND CONCERTS GROWS

The fund for a series of eight band concerts, to begin July 4th, providing sufficient funds are obtained, is growing, and to date has reached nearly \$250, with a similar amount to be raised if the concerts are given.

The Whelpley Band is now the strongest musical organization Washington has ever had, and one in which citizens are showing just pride.

The series of open air concerts do much to advertise and make Washington popular and to increase love for the better class of music.

So far the only subscription paper in circulation is in the hands of Mr. Whelpley, and all citizens who desire the series of splendid concerts must act promptly if the concerts are to be given.

## CARPENTERS WANTED FOR AVIATION FIELD

Mr. B. F. Toops, in charge of the Fayette-Clinton Labor Exchange, has received notice that 200 carpenters are wanted at once for work on the buildings in the new aviation camp near Dayton, and that 50 cents per hour for eight hours, or time and a half for overtime, will be paid, with double pay on Sunday. A carpenter may work 12 hours if he desires.

Each carpenter is expected to bring his own equipment, and must be experienced.

## THIRTY CADETS REPORT FOR DRILL

Only thirty cadets of the fifty enrolled reported for drill at the Y. M. C. A. Wednesday night.

Captain Hardway instructed the boys in squad movements. It is the hope of the Association that more boys will avail themselves of this opportunity to learn the fundamentals of military drill and discipline.

## TAKEN TO WORKS FOR INTOXICATION

John Gillum and Claude Johnson, for repeatedly violating the state law against intoxication, and failing to pay fines assessed against them, were taken to the Xenia Workhouse, Wednesday evening, to work out the fines and costs.

## RED CROSS WEEK INCORPORATED IN LOCAL PLAN

Plans Are Discussed at Adjourned Committee Meeting This Morning—More Than 500 Members Constitute "Nest Egg"—Allotment for County Not Announced.

The Executive Committee and officers of the Fayette County Chapter of the American Red Cross, met in adjourned session at the Midland Bank at 9:00 o'clock Thursday morning.

Instructions from national headquarters regarding county organizations and duties of officers and permanent committees were read by the chairman and discussed. Many campaign suggestions were received, but it was the opinion of the committee that the perfection of the organization should be the first step taken and that the work of campaigning for the war fund should follow.

The county may, have a "Red Cross Week," when the permanent chapter is in smooth running order. To date, no allotment, of the obligations of the Fayette Chapter to the national organization has been made.

The division of the money received from memberships is as follows:

Annual \$1.00; national fund \$50; local fund \$50; subscribing \$2.00; roll fund \$1.00; local fund \$50; contributing \$5.00, National fund \$3.00; local fund \$2.00; sustaining \$10.00; national fund \$7.00; local fund \$3.00; life \$25; national \$25; patron \$100; national fund \$100.

The contribution to the national fund is used to defray the expense of active work in the field, hospitals, nurses, etc. The money from the local funds is to be used by the local women's committee for buying material for bandages and hospital supplies.

The American Red Cross is not a local charitable institution, but a national organization to give assistance only, when the need is so great that local welfare and charitable organizations are unable to administer properly. The work to be accomplished by the Red Cross in the community is such that there should be no cause for conflict with any other charitable or war relief work that is being done.

The National League of Woman's Service has been organized as a means of reaching the housewife with timely advice upon her part in the work of food conservancy in war time. The members have also taken up the work of providing the comforts to American soldiers and sailors that are possible by the diligent use of needles and shuttles.

The work of each of the organizations, while distinctly different is done in the same generous self-sacrificing spirit for the common welfare.

A citizens committee of probably one hundred members will be appointed later to take up the campaign for war relief funds.

A committee meeting was announced for 4:00 o'clock today. At that time the work shop and citizen's committees will probably be announced.

## WANT INFORMATION ON HARVEST HELP

Every Labor Exchange in Ohio is now asking farmers who will need labor in the harvest field to communicate at once with the head of the department in their respective districts.

Mr. B. F. Toops is the head of the

local branch, and farmers desiring additional assistance through the harvest season are requested to immediately file their request with the department, and efforts will be made to furnish the number of hands required. No charge is made for this service.

Harvest wages this year will be the highest ever paid in Fayette county.

## STINSON NOTES

The patrons and friends of Stinson School of Music are anticipating an unusually good program Friday evening June 29th when Misses Faye Wood, Gertrude Miller, Dorothy Bush and Helen McKee graduate from the piano department.

The opera "Sylvia" by Herbert will be given at that time, which will embrace the program very much. Tickets will be on sale at the Stinson School of Music and at Christopher's drug store, next Saturday June 23rd.

## RAPID HEADWAY IN PREPARING DAYTON AVIATION GROUNDS

By Associated Press Dispatch.

Dayton, O., June 21.—Dirt is flying on the government's new aviation field near Fairfield to prepare it for the big squad of regular army aviation students who are to be trained in actual flying there this summer.

The engineering work—grading, draining, railroading, etc.—is under the direction of Captain C. J. Waring, United States army engineer, who has had an active part in promoting some of the government's big engineering feats, including the gigantic project of the Panama canal.

He has started forces of men grading the field so that when it is ready it will be as level as a stable and without obstructions. Big ditching or trenching machines are used in construction of drainage ditches. Others are scooping away dirt to make foundations for buildings that are to house machinery and the embryo aviators. A steam railroad and an electric line have prepared to lay tracks to the field to take care of freight and the traffic demands.

The aviation field will be the scene of the actual flying training of students who are now getting the "theory" of flying under special instructors at Ohio State University. Probably others will be brought here to learn the actual operation of army biplanes. The first classes are expected to be ready for field or air work August 1. By that time one of the most complete aviation fields in the country will be ready for them. Equipment is expected in the meantime, including a number of high-powered airplanes.

## AMERICAN STUDENTS IN THE FIRST PARADE

(Associated Press Cable) Oxford, England, June 21.—The 1st drill or parade of American students taking the voluntary military training course here took place recently. A platoon was organized.

Although the training is being given by British officers, no obligation has been incurred to join the British army. It is expected that the platoon will be recognized by the American War Department and that the members will be transferred to the American army or expeditionary force at the most convenient time. The London embassy has cabled on behalf of the members requesting such recognition.

While the students as yet form part of no army, they are probably the first Americans to be drilled on European soil.

## ATTENTION.

## "FEMINIZATION" OF SCHOOLS IS SEEN IN THE BUCKEYE STATE

By Associated Press Dispatch.

Columbus, O., June 21.—Attaches of the office of the state superintendent of public instruction in Ohio foresee "feminization" of the schools of Ohio as result of the calls to service of men. Completion of the present terms in elementary and high schools will see hundreds of teachers, many principals and numerous superintendents enlisted in one or another branch of service for the war. It will mean that women must take their places.

"Germany and France have kept their schools going but the English allowed their systems to go to pieces and are just now getting organized again, seeing the great importance of continuing educational work," said one of the officers of the state department. "It certainly is assured that the United States will maintain her schools just as if no war is in progress. So next fall the question of filling vacancies means that we must look largely to the women."

There were 31,819 men and women teachers in Ohio schools, June 1, in the ratio of three women to one man. In elementary schools 5,298 men are employed, and in high school, 2,554, or a total of 7,852 in the state schools. On the same date, 21,371 women were employed in elementary, and 2,596 in high schools, a total of 23,967, or a grand total of 31,819 teachers.

State educational officials say it is impossible to make an estimate of the number of men who probably will

enter service this summer, and no figures were available as to the number subject to the draft. But it is feared fully half the men now employed in school work will be in war service of some sort by next fall.

## THE NEW LEESBURG BOND ISSUE FAILS

The \$14,000 bond issue which was presented to the voters of Leesburg this week, has been rejected by a vote of 147 against and 94 for.

The bond issue was for completing and equipping the new school building at that place.

It is expected that another election will be called in the very near future in order that funds may be obtained for finishing the work.

**FRANK WOODLAND ANNOUNCES MEET**

By Associated Press Dispatch.  
 Youngstown, Ohio, June 21.—Secretary F. D. Woodland of the Southern Park Trotting Association has announced that a two weeks' meeting will be staged at Southern Park commencing August 29 and continuing until August 31. The program will be made up of over \$25,000 in late closing purse with no entrants and deduction.  
 As the meeting is the week following the Grand Circuit meeting at North Randall and conflicting with the Grand Circuit meeting at Philadelphia and Poughkeepsie, Woodland is of the opinion that campaigning horsemen will prefer to race here instead of making the long ships to eastern tracks.  
 With the waning of interest for racing on the mile tracks, combined with the fact that practically every prominent driver of the Grand Circuit entered liberally in the early closing events for the July meeting here, there is but little doubt but what the double program will be a success.

Over three thousand buildings and houses were destroyed, and the burned district covers almost all the important quarters of the city.

The loss of life is estimated at fourteen and the number of severely injured at sixty-seven.

Many persons are missing since the fire, and the death rate may be increased. Thousands have been rendered homeless.

 Marion, O., June 21.—Harry E. Fegley of Delaware, at present vice president of the Ohio Aerie of Eagles, will be the next president of the Buckeye Eagles. At the convention here he was nominated as the successor of Russell M. Knepper of Tiffin. Fegley had no opposition.

**Traction Employees Strike.**  
 Steubenville, O., June 21.—Demands for higher wages denied, the employees of the Steubenville, Wellsburg and Weirton Traction company walked out and all interurban lines entering Steubenville are tied up. Arbitration was refused, the men asserting the company violated the old scale of wages.

**Execution Up to Governor.**  
 Columbus, June 21.—Albert Warren, alias Clark, Ironton, must pay the death penalty in the electric chair unless Governor Cox intervenes unexpectedly. The Ohio supreme court refused to hear Warren's appeal. Warren killed Marshal William Hake of Covington, Miami county.

**Professor Layton Dismissed.**  
 Lancaster, O., June 21.—Professor Samuel H. Layton, superintendent of the Lancaster public schools, was removed from office by the board of education on charges of inefficiency and improper conduct. Layton was convicted of having committed an assault upon Professor Dean M. Hickson, principal of the high school, in the schoolhouse.

**Said to Be a Deserter.**  
 Steubenville, O., June 21.—George J. Luby of Zanesville was arrested on a charge of being a deserter from the Seventh Ohio regiment. It is charged he left his post at Wheeling, where his company is doing guard duty. Luby said he was working in a restaurant here to get enough money to support his sixteen-year-old wife, his guard pay being insufficient.

**Ohio Guard's Strength.**  
 Columbus, June 21.—The strength of the Ohio national guard is now in excess of 20,000 officers and men, according to Adjutant General Wood. Official authority to accept men five feet two inches tall has been received by Wood from the war department. Federal recognition has been accorded Companies E and F, engineers, at Cleveland. This completes Ohio's regiment of engineers.

## In Social Circles

One of the most interesting nuptial events of the season in Jeffersonville, owing to both the prominence of the family and the attractiveness of the bride, was that of Miss Doris Carr, daughter of Mr. Guy L. Carr, and Mr. Harold O. Lewis, of Jamestown, which took place Wednesday afternoon at half past four o'clock.

The spacious Carr home was a bower of June roses, honeysuckle and greenery.

Following the lead of the officiating minister, Rev. Wilson of the M. E. church of Jeffersonville, the young couple took their places between colonades garlanded with pink and white roses. The ring ceremony was used.

The bride was very lovely in a modish gown of peach taffeta trimmed in rare old lace. A filmy veil was fastened to her hair by a crown of pink rose buds and caught to the shoulders by tiny rose buds. She carried a beautiful bouquet of sweet peas and mure-chal nel roses.

Miss Donna Carr, sister of the bride, who received with her father, was exceedingly pretty in turquoise blue silk with garniture of silver lace.

After congratulations thirty guests were seated for an elegant three-course wedding supper. The dining room was all in pink and white, the center piece of the pretty bridal table a mass of roses and from the chandelier festoons of green extended to the corners of the table.

In every appointment it was a beautiful wedding, although simplified from the original plans owing to the illness of the bride's grandfather, Mr. Al Carr.

Mr. and Mrs. Lewis left Thursday morning for Vandette, Minn., where they expect to spend a couple of months visiting an aunt of the bride and taking side trips. Upon their return they will reside upon the bridegroom's farm near Jamestown.

The best wishes of a host of friends speed them on their journey.

Miss Gladys McCord most delightfully entertained about twenty of her young friends Tuesday evening at the pretty country home of her parents Mr. and Mrs. Wm. McCord in honor of her very attractive cousin Miss Martha Wood of Good Hope.

Clever contests, a variety of games and other amusements had been provided for the pleasure of the guests by the charming young hostess and the evening passed all too quickly in a round of merriment. Miss Edith Haines rendered several beautiful selections on the piano. At a late hour a delicious summer collation was served.

Miss Hazel McCord assisted Miss Gladys in the cordial hospitalities of the evening. Those present were: Misses Edith Haines, Marjorie Thornton, Ethel Pope, Martha Wood, Harriet Thornton, Leona Dicoet, Hazel Rice, Jessie Underwood and Messrs Charles Burke, Loren Hynes, Walter Hutchison, Charles Campbell, Leonard Rine, Frank Rush, Lester Taylor, Wayne Elliot, Edwin McCord and Russel Rine.

A picnic party and fishing trip on Rattlesnake was enjoyed Thursday by Mr. and Mrs. J. S. William, son, Robert, Mr. and Mrs. A. T. Vincent, Mr. and Mrs. J. J. Kelley and mother, Mrs. Kelley, Mr. and Mrs. Maurice Williams and Mrs. Thos. Junk.

Miss Anna Holmes, daughter of Mr. and Mrs. Will Holmes of Augusta Ky., was united in marriage to Mr. Thomas DeWitt Ginn today.

Miss Holmes will be remembered as a charming girl and brilliant pianist of younger circles of Washington society some years ago and announcement of her marriage will call forth heartsome best wishes from many friends.

Miss Sarah Holmes, a younger sister completed her course at Denison University this June.

Among social affairs of the week none were more enjoyed than the party given by Mr. and Mrs. Harford King at the spacious country home of Mr. and Mrs. E. D. King near Good Hope in honor of Mr. and Mrs. Will King, of Annapolis, Md.

There were forty guests, members of the Bible Classes of Mr. E. D. King and Mr. Harwood King's Bible Classes and the Gospel team.

The hospitality of the home was freely extended and delicious refreshments served towards the close of a delightful evening.

## SHOWMAN IS STILL CONFINED IN JAIL FOR WHITE SLAVING

Special to The Herald:  
Greenfield, O., June 21.—James Mansfield, showman, who, with Mrs. Lottie Isaacs, of Nashville, Tenn., is held in the jail at this place on a charge of white slavery, will be arraigned before United States Commissioner Alder, of Cincinnati, Tuesday morning of next week.  
The pair left Nashville last February and the federal authorities have been on their trail for weeks, locating and arresting them here last week.  
With the pair was the woman's son and daughter, aged 6 and 8, and this week their father, Benjamin Isaacs, prominent tailor in Nashville, arrived and took the children home with him.  
Mansfield has been with a street fair, having charge of one of the tented attractions. The street fair has been in this place for several days.

## STAR NUMBERS AT CHAUTAUQUA ARE PLEASING TO ALL

Audiences Delighted With Wednesday's Program, But Best of All Comes Tonight When San Carlo Grand Opera Company Appears.

Wednesday's Chautauqua program was a delight to both audiences, afternoon and evening, with the strong Zedeier Symphonic Sextette appearing at each session, and Margaret Stahl in the afternoon and "Burns of the Mountains" at the night session.

It was a large audience that assembled for the afternoon program, and the audience was clearly expecting something extra good—and got it. The Sextette was up to all expectations, and furnished strictly high class music which elicited rounds of applause.

Margaret Stahl, one of the most dramatic readers on the American platform, was at her best in the presentation of "Strongheart," delighting her audience with her rare gift of reading, and holding their rapt attention throughout the entire play. The return of Margaret Stahl next year would be pleasing to all who heard her Wednesday afternoon.

The real feature of the day's program was James A. Burns, president of Oneida Institute, one of the most unique institutions in the world, and one which is spreading light and understanding among the almost inaccessible mountains of Kentucky.

Mr. Burns, in his quiet, simple way, related the absorbing story of his fight to eliminate the feud spirit from the midst of the mountaineers, and the success that is attending his efforts.

Mr. Burns necessarily referred to himself quite frequently, but not in an egotistical way. His lecture is really his life's story, and his simplicity and devout spirit made it impressive and interesting.

He is a typical mountaineer, commonly dressed, and his speech gives evidence of the mountains. For four years he was a feudalist, and fought the battles which for years raged between the Bakers and the Howards, but which have been stopped because of the education and influence shed by "Burns of the Mountains." His body bears more than one ugly scar inflicted during his fight with the enemies of his family.

Burns related the story of his conversion and his decision to stop the feuds by educating the children and with this in view he called the feudist parties together and they pledged themselves to assist Burns and to do all in their power to stop the feuds.

Through his efforts the university of which he is at the head, was founded, and has been doing a great work among the ignorant mountaineers. His struggles to keep the school going have been heard, and the returns from his lectures go into the school to help educate the people of the mountains.

Best of All Tonight.

Tonight that noted company of musicians, the San Carlo Grand Opera Company will give the entire evening's entertainment. This company of gifted players is accompanied by one of the best orchestras in America, and the entertainment is one which will be a delight to all lovers of grand opera.

Parents are expected to have their children in seats with themselves to articles with Herald "want ads."

night, so that there will be no interruption to the players.

Tomorrow is children's day, with Judith Hampton Lyndon and Elsie Mae Gordon furnishing the afternoon entertainment, and presentation of "Fi-Fi of the Toy Shop," at night.

## IMPORTANT NOTICE TO COLORED MEN

Several prominent colored citizens of Columbus, Ohio, headed by Hon. Walter Ph. Thomas as chairman of the executive committee are, and have been organizing a colored independent regiment of infantry; the services of which will be offered to the state of Ohio, or to the United States Government through the official representatives of our state.

They would like to have their reports complete by July 7, 1917.

All the world loves a brave soldier. Will you do your bit in this world-wide struggle?

All men who have registered can volunteer up to the time that conscription is actually put in force.

Said requirements will mobilize at Columbus, Ohio and all officers will be colored Americans. The Colonel no doubt will be Chas. Young, Lt. Col. of Columbus U. S. A.

All colored men between the ages of 18 and 45 who desire to enlist call on Alonzo T. Anderson at his barber shop 111 S. Fayette street, Washington C. H., Ohio where you can enlist, and be given any information desired regarding same.

## SUMMARY FOR CORN AND WHEAT CROPS

The weather during most of the week was too cool for the best growth of corn but the stand is good except where recently flooded. In the western part of the belt it is well cultivated. The weather was favorable for most small grains and for harvesting in the South. Winter wheat is heading well in the central and northern states but hot weather has caused too rapid ripening in Oklahoma. Spring wheat has improved considerably, especially in north Dakota, due to recent showers. The crop is very promising in South Dakota. Warm and dry weather has greatly stimulated the growth of spring wheat in the north Pacific states. Meadows, pastures, potatoes, sugar beets, cool weather truck crops and most fruits improved during the week except the large cattle ranges in western Texas which have been much affected by drought.

Although the weather during much of the week was too cool for rapid growth of tender plants, all crops made good progress. Wheat, oats, meadows, pasture and potatoes are in fine condition. Corn is looking well and there is generally a good stand, but growth has been slow on account of the cool weather. Planting is not quite completed in the northern counties. The week was favorable for cultivation in most localities and this work advanced rapidly. Potato planting is still in progress in northeastern counties. Tobacco planting has begun but so far the progress has been slow. Truck crops generally are in fine condition, although needing cultivation in some localities. The fruit outlook seems to be only fair. Plums are reported to be falling badly in some places.

For week ending June 20.

J. M. KIRK.

## NOT TOO LATE TO PLANT IN GARDENS

This is an ideal time for planting late sweet corn, cabbage, tomatoes, and many other kinds of vegetables seed and plants. Some people think that it is too late to plant garden stuff. In fact the latter part of June or the first week in July is just the time to set out your late cabbage plants. If you set them out too early they grow too large early in the season and when fall rains come they split open and are damaged for burling or for kraut making.

If you have a potato patch and the tops do not shade all the space between the rows you can plant sweet corn and Kentucky wonder beans between the rows and produce the finest of late corn for roasting ears, for canning, drying or for feed for chickens, hogs or other stock.

No one should allow an uncultivated foot of land in their garden or on their farm if they can possible plant something that will produce food for man or beast, as it will be a long, long year of fifty-two weeks before we can raise another crop. Everybody should go to it at once and plant cabbage, tomatoes, etc., in the beds where they had their onions, radishes, etc. This will give you two crops.—Contributed.

# VIRGINIA CROP OF POTATOES IS TO BE BUMPER

G. W. Bybee Now on a Tour in  
the Norfolk Section Writes En-  
tertainingly of Conditions

116 High St., Portsmouth, Va.  
June 12, 1917.  
Washington C. H. Ohio.  
Spending a few weeks here visiting  
by brother William Bybee, and hav-  
ing an unreasonable supply of time  
was interested as to the general con-  
ditions here in this city, and Norfolk,  
and remembering the urgent request  
and demand of "Uncle Sam" for every  
one to do his part towards relieving  
the food situation (my information is  
from the Press, the market here in  
Portsmouth and Norfolk, and reliable  
produce growers and dealers). This  
section around Portsmouth and Nor-  
folk is cultivated almost entirely for  
trucking, outside of some cotton,  
wheat, corn and rye. Strawberries,

season just closed it varied for each  
owner, from one to 15 acres or more.  
Cabbage, beets, beans, all by the cart  
load, no limit.

Potatoes, one man told me he plant-  
ed this spring over 15,000 barrels.  
Others down to 100 barrels and less.  
So I would consider this some potato  
market. The potato is the largest  
"pebble" on the truck beach. Twenty-  
nine thousand eight hundred and  
eighty-nine barrels, and the prices  
quoted yesterday \$9.25 to \$11.00.

Just a slight indication of weaken-  
ing prices due, in all human probability,  
in grading. It is a  
sort of sorry comment on  
human nature that even, when pota-  
toes are bringing \$10.00 to \$11.00 per  
barrel, for prime stock, there are  
those who will persist in putting in  
culls, thereby reducing the quality  
and price. I saw culls sell last Satur-  
day at \$5.00 per barrel, to hotel and  
restaurant proprietors. The greed  
for gain the desire to get top prices  
for a few culls, defeats the object en-  
tirely and carries down good honest  
potatoes with the culls. Saturday's  
government report from Elizabeth  
City, North Carolina, reports 240 cars  
shipped the day before (Friday).  
This was doubtless the largest single  
day's work in North Carolina. It is  
expected that the rush in digging  
will be over this week in North Caro-  
lina. If the wires do not indicate a  
decided drop in prices the middle of  
this week it will then be up to Vir-  
ginia to hold the market steady. Nor-  
folk section, Toano, and Eastern  
Shore, will be shipping heavily at  
some time around the last week in  
June.

On Saturday out of a total shipment  
of 29,889 barrels, 13,265 barrels were  
sent to New York City. The Virginia  
potato crop is improving although  
today there is considerable anxiety  
manifested with the large growers  
here owing to the heavy rains. For  
the last week especially all day rain  
Sunday with a big down pour yester-  
day (Monday) the land laying flat, wa-  
ter can not get away cadsin the pota-  
to to rot in the ground. I find the

THE FAMOUS SAN CARLO GRAND OPERA COMPANY.

## THE NOTED SAN CARLO GRAND OPERA COMPANY HERE TONIGHT

The initial effort, to introduce  
grand opera into the Chautauqua  
towns of America, made by the San  
Carlo Grand Opera Company during  
the season of 1916, was such a splen-

did success that the organization is  
returning to the Chautauqua this  
year with a full singing company and  
with a number of soloists not hereto-  
fore heard on the Chautauqua.

Among those to be heard this year  
is Manuel Salazar, the Spanish tenor  
whose work created a furore in lead-  
ing cities of America during the tour  
of the company last winter.

## EFFECT STATE ORGANIZATION

(By American Press)

Columbus, June 21.—Dry Republi-  
cans of Ohio met here and effected an  
organization.

About 130 delegates attended the  
meeting. They decided to call them-  
selves "the coalition of dry Republi-  
cans of Ohio."

Dry Democrats sent a committee,  
headed by James A. Rice of Canton,  
to offer co-operation to the Republi-  
cans in their fight for prohibition suc-  
cess in November. "Senators, con-  
gressmen and other public officials  
must show their patriotism by joining  
our army of peace before they have  
a right to talk about 'slackers,'" de-  
clared Rice.

The Republicans adopted a resolu-  
tion accepting the Democratic offer  
of co-operation.

The organization decided upon con-  
sists of a state executive committee  
of seven members, a central commit-  
tee with a representative from each  
congressional district and county  
committees with members in each  
ward and townships. The executive  
committee selected is: Charles A.  
Reid, Washington C. H., chairman; W.  
T. Blake, East Liverpool, vice chair-  
man; Colonel Worthington Kautz-  
man, Columbus, secretary; G. A.  
Stauffer, Ottawa, treasurer; E. N.  
Huggins, Columbus; L. C. Hake,  
Trumbull county, and William Martin,  
Toledo.

Wesley L. Jones, United States sen-  
ator from Oregon, addressed the dele-  
gates. He said that the dries in the  
senate are not sure of Senator Har-  
rington's vote and intimated they fear he  
will vote against the proposed resolu-  
tion to submit a constitutional  
amendment for national prohibition.  
Jones urged Republicans formally to  
endorse prohibition, declaring that  
Democrats will follow them immedi-  
ately and prohibition is assured. Such,  
he said, has been the history in other  
states.

Harriet Taylor Upton, Warren, head  
of the Ohio Woman Suffrage associa-  
tion, was another speaker.

A letter from Harry M. Daugherty  
was read. It said: "If conventions  
were held in Ohio this year no politi-  
cal party would dare to refuse to in-  
dorse prohibition. No candidate on  
any ticket will ever be elected in Ohio  
again who advocates the defeat of  
prohibition."

Harvey C. Garber, head of the now  
defunct True Democracy league, took  
occasion to issue a statement for pro-  
hibition, independent apparently of  
the Republican or Democratic meet-  
ings.

## FARMERS WARNED TO WATCH STOCK

Farmers of Ohio are being warned  
to watch their live stock closely for  
contagious diseases, and to take  
prompt action in such cases to stamp  
out the disease as speedily as possible.  
In Fayette county the swine plague  
has made its appearance in some sec-

tions, and, while most farmers are  
having their swine immunized before  
the disease can appear, others are  
somewhat careless in this respect, and  
fail to have their hogs treated until  
it is too late to save the entire herd.

With the price of hogs as high as it  
is at the present time, and every in-  
dication of going even higher before  
the war is over, extraordinary pre-  
caution should be taken to ward off  
cholera by proper preventive meth-  
ods.
